

Homework Summer 5 2026 – The Fantastic Field Mice

Rainforest SOS!

Please complete 3 tasks this half term from the choices below. You must create a line (by colouring in the boxes you have achieved) that goes through the middle. This can be done in any direction (up/down, side to side or diagonally). You must complete the middle one but can then choose 2 others to complete a line. Please colour the boxes for the tasks you have completed. You can send completed tasks into school or take photos and put them in your child's portfolio on Dojo. If you want to do more than 3 tasks, please feel free to do as many as you want.

Thank you and I look forward to seeing what you do at home.

Write a diary for a week using everything that we have learnt about using the past tense.	What can you find out about some of the animals that live in the world's rainforests. Show what you have found using a fact sheet, a piece of artwork or our own idea.	Plan a journey to a place on the equator; what would you need, how would you get there? What might you see?
Do a weather survey for a week, record what the weather does each day. Do you think we will have more sunny or rainy days?	Read 5 times a week, every week and record in the reading record.	Next time you go for a walk collect as many different kinds of leaves as you can; how many can you identify?
Design a new rainforest animal.	Create some animal tracks in or on the ground sticks, stones, mud and leaves.	Create a food chain for animals that live in the rainforest.
