Homework Autumn 2 2026 – The Curious Cotton Mice

Please complete **3** tasks this half term from the choices below. You must create a line (by colouring in the boxes you have achieved) that goes through the middle box. This can be done in any direction (up/down, side to side or diagonally). You can send completed tasks into school or take photos and put them on Class Dojo. If you would like to do more than 3 tasks, you are more than welcome to.

Thank you and I look forward to seeing what you do at home.

Go on a shape hunt. Try to identify as many shapes as possible in the environment.	Make a rocket using recycled materials.	Play 'What's in the box?' Hide an object in a box and say 'In my box there is a…' (c-a-t, p-e-n, sh-ee-p etc.)
Follow instructions and use weighing scales to bake something tasty!	Read a story with your child, 3 times a week, every week. 	Go on a leaf scavenger hunt! Can you find a *big* leaf? (small, green, orange, yellow, brown, spiky, wiggly, crunchy etc.)
Celebrate a teddy bears birthday!	Help an animal that is hibernating by making a hibernation home.	Make a Christmas card for somebody special. OR Create something special to put on your Christmas tree.
